SunRail Rider Spotlight

JOHN NEWSTREET

President/CEO of Kissimmee/Osceola Chamber of Commerce

John Newstreet traveled to and from Orlando City Soccer's home opener via SunRail. SunRail teamed up with Orlando City Soccer to extend its normal hours, ensuring that all "City" fans could make it in and out of downtown easily.

Like many others who didn't want to fight downtown traffic, John drove to the Sand Lake Road station and took advantage of the free parking. From there, he took a 10 minute SunRail ride to the Church Street Station. "It was quick and easy and really fun. I recommend others try it," said Newstreet. "The coolest part was traveling with all of the other Orlando City fans on board. It really evoked a hip, urban feel. I'm excited for SunRail to open the Osceola County stations next year."

The partnership was a winning combination – both Orlando City won its home opener, and SunRail broke its ridership numbers in March due in part to Orlando City Soccer travelers.

SunRail will be able to serve fans for four additional home games that fall on the following weekdays: May 31, July 5, July 21 and September 27. Please see the train schedules at SunRail.com to ensure that SunRail is an option for you.
