## **Northbound Detour Occurs Again on U.S. 17/92 at the Winter Park-Maitland City Border**

**Winter Park, Fla** – Drivers should be on the lookout while traveling northbound on U.S. 17/92 during overnight hours during this weekend, and for the next few weekends, as work on a railroad bridge continues. This maintenance work is occurring at the railroad bridge above U.S. 17/92 at the Winter Park-Maitland city line. The repair includes fixing the bottom portion of the bridge over the northbound side of the roadway.

The closures each weekend are scheduled between 9 p.m. to 7 a.m. overnight Friday and overnight Saturday, and from 8 p.m. Sunday until 5 a.m. Monday. Closures are planned to occur into the latter part of September. The cost for the project is estimated at \$260,000.

The detour takes traffic off northbound U.S. 17/92, sends it westbound on Lee Road, to eastbound Interstate 4 (I-4), to eastbound Maitland Boulevard/State Road (S.R.) 414, then back to U.S. 17/92. Northbound traffic can still access businesses up until the construction zone, but cannot go any farther than, nor under, the bridge.

Southbound traffic on U.S. 17/92 is not subject to any detours at this time. Updates are being posted on [www.cflroads.com](http://www.cflroads.com) under Current News.

The Florida Department of Transportation urges you to pay attention and always drive with care in construction zones.
